The Ambler Arboretum of Temple University is 187-acre mix of natural and designed landscapes. It has a diverse range of learning gardens, including a formal perennial garden, an herb garden, a groundcover garden, a native plant garden, a rock wall, a woodland garden, a sustainable wetland garden, an annual trial garden, a green roof garden, a winter garden and the most recent addition, the Ernesta Ballard Healing Garden.

- 11:30 PM An upscale lunch is included at Bridget's Steak

- 1:30 PM Jenny Rose Carey's Private Garden
Northview is the private home & gardens of Ambler Arboretum Director Jenny Rose Carey. Spread over 4.5 acres, this treasure ranks No. 1 on George Weigel's list of best home gardens he's ever seen. It's a textbook example of "garden rooms" and features numerous sitting areas, focal points, fun surprises and a dry garden that never needs water. George featured this garden in Pennsylvania Gardener magazine.

Michael Colibraro's Private Garden. We'll then tour this nearby garden, built by the owner of a landscaping and nursery business. Michael specializes in bonsai and conifers, and he built the Conifer Garden at Ambler Arboretum.

- 5:00 PM Depart for home
- 6:30 PM Dinner stop en route home (on own)
- 10:00 PM Approximate arrival back.
